Adapt Enviro Private Limited

High-Quality ABS Solutions for Diverse Applications

Adapt Enviro Private Limited is a trusted name in advanced plastic solutions, specializing in Acrylonitrile Butadiene Styrene (ABS) manufacturing. Our ABS variants cater to a wide range of industries, ensuring durability, strength, and performance.

Our ABS Product Range is as below and can be customized also as per clients' requirement / inhouse facility of full-fledged testing Lab :

1. General-Purpose ABS

- Excellent impact resistance & toughness
- High gloss finish
- Ideal for consumer goods & household appliances

2. Flame-Retardant ABS

- Enhanced fire resistance
- Compliant with safety regulations
- Suitable for electrical & electronic applications

3. High-Impact ABS

- Superior mechanical strength
- Withstands extreme conditions
- Used in automotive and industrial applications

4. Heat-Resistant ABS

- Withstands high temperatures
- Excellent thermal stability
- Perfect for automotive & engineering components

5. Electroplating Grade ABS

- High adhesion for plating
- Used in automotive and decorative applications
- Ensures superior surface finish

6. Colored & Customizable ABS

- Available in various colors & finishes
- Tailored for specific customer needs
- Used in toys, furniture, and design applications

Our Products in Stock:

Black ABS (Code : 25312A10715) 	Black ABS (Code : 25312A10754) 
Black ABS (Code : 25312A10673) 	Black ABS (Code : 25312A10781): 

Why Choose Us?

- ✓ High-quality materials & production standards
- ✓ Custom formulations to meet client needs
- ✓ Sustainable & eco-friendly manufacturing practices
- ✓ Timely delivery & competitive pricing
